

Ideation Phase

Brainstorm & Idea Prioritization Template

Date	4 August 2026
Project Name	Online Complaint Registration System (MERN Stack)
Maximum Marks	4 Marks

Note: Date is a placeholder — update with your actual internship/team details.

Step 1: Team Gathering & Problem Statement

Team Members: (add additional team members if applicable)

Problem Statement (How Might We)

How might we help citizens easily file and track complaints, while giving officers and admins a simple, transparent way to manage and resolve them?

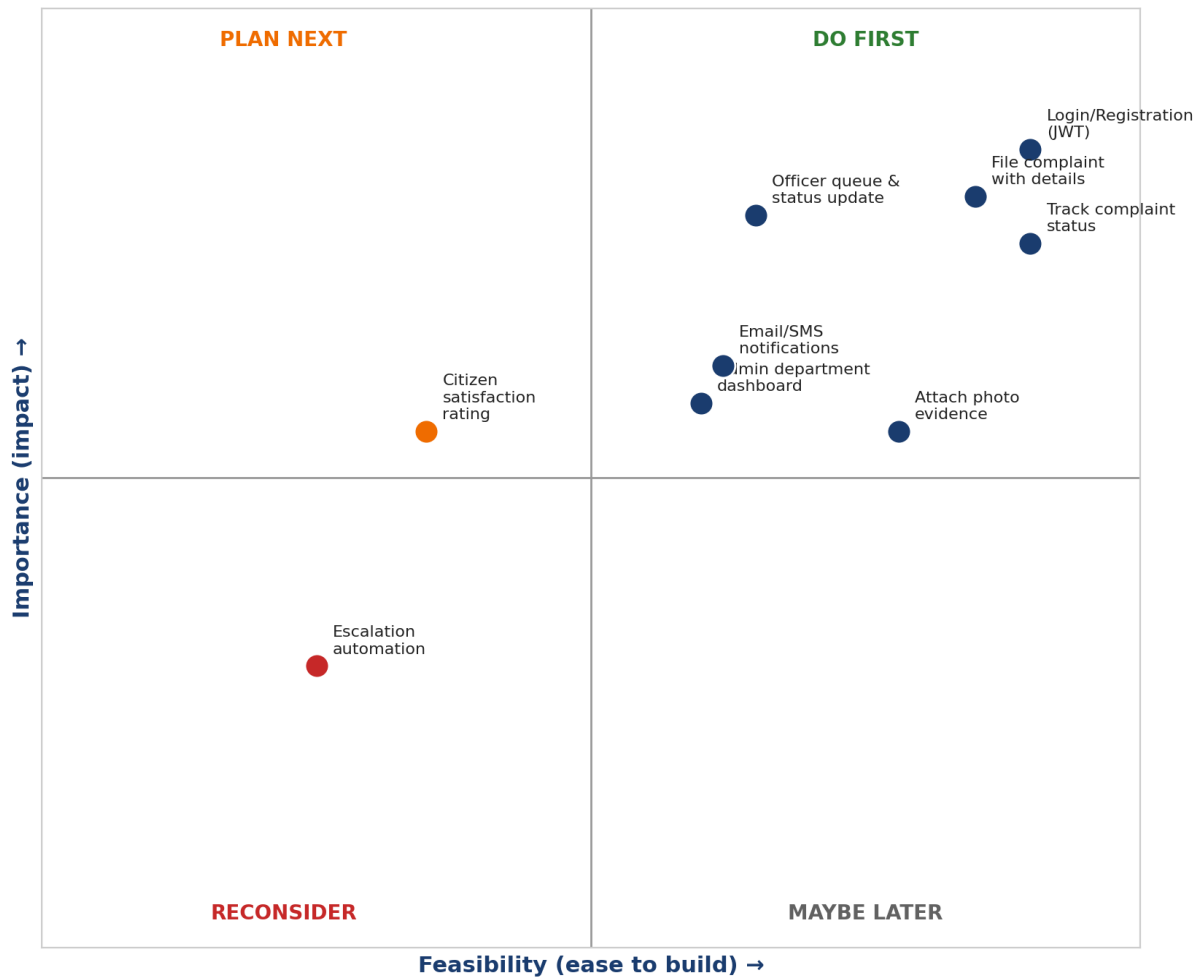

Step 2: Brainstorm, Idea Listing & Grouping

Ideas generated for the Online Complaint Registration platform, clustered by theme:

Step 3: Idea Prioritization

Each idea is plotted by Importance (impact on core goal) vs Feasibility (ease of building within project scope/timeline) to decide build order:

Idea	Importance	Feasibility	Quadrant
Login/Registration (JWT)	High	High	Do First
File complaint with details	High	High	Do First
Track complaint status	High	High	Do First
Officer queue & status update	Medium	High	Plan Next
Attach photo evidence	High	Medium	Plan Next
Admin department dashboard	Medium	Medium	Plan Next
Email/SMS notifications	Medium	Medium	Plan Next
Citizen satisfaction rating	Low	Medium	Maybe Later
Escalation automation for overdue complaints	Low	Low	Reconsider
